Experienced BIM Engineer with a strong foundation in architectural and civil engineering projects, specialized in 3D modelling, coordination and digital construction workflows. Proficient in tools like Autodesk Revit, AutoCAD, Navisworks and BIM 360, with understanding of Architectural detailing, site planning, structural elements and civil infrastructure coordination.

❖ Skills

- Autodesk Revit – Core BIM modelling software for architecture, structure and MEP
- Navisworks – For model review, clash detection and coordination
- AutoCAD – For 2D drafting and integration with BIM models
- BIM 360/ACC (Autodesk Construction Cloud) – For cloud collaboration and document management
- Quantity take-off tools – Bluebeam
- Model Coordination – Working with federated models and understanding of LOD (Level of Development)

❖ Work History

1. Mar 2023 – till date

BIM Engineer - Advenser Engineering Services P Ltd, Kochi

- Develop and manage 3D models using Autodesk Revit, Navisworks and other BIM tools
- Collaborate with multidisciplinary teams to ensure model accuracy and coordination
- Detect and resolve clashes using tools like Navisworks
- Extract and manage data from models for quantities, schedules and documentation
- Actively contribute in the project meetings and communicate BIM related updates and needs
- Assist in training and supporting team members in BIM processes and tools
- Perform quality control checks to maintain accuracy and consistency across models

Projects Involved

- Hamel Concretes
- NEB: ADEK School, Abu Dhabi, UAE
- Nan, Inc. P-316 Artillery Battery Facilities
- Various millworks

2. Nov 2017 – Sep 2019

Project Engineer - Arkind Consultants P Ltd, Kochi

- Determined and scheduled priorities as required to progress engineering work
- Monitored installation of materials and equipment for compliance with drawing and specifications
- Recommended improvements for design
- Maintained records for each project and engineering discipline
- Developed high quality engineering designs and plans to meet industry standards

Projects Involved

- K7 Realty Kakkanad
- 2B+G+4 Commercial building Kakkanad
- Craft Hospital Kodungallur
- B+G+2 Commercial Building Thripunithura
- Tharakans Zephyre Homes
- KAAR Abu Dhabi (concept modelling)
- Dubai Electricity and Water Authority (Civil infrastructure drawings)

3. Jun 2015 – Apr 2016

Rebar Detailer – Envision Engineering Technology, Thripunithura, Kochi

- Produced accurate and detailed rebar placing drawings conforming to industry and company standards for structures in preparation for construction
- Rebar detailing of various high-rise building using American Standard

4. Feb 2015 – Jun 2015

Construction Site Engineer Trainee - Green Vistas Infrastructure Projects, Kochi

- Created project schedules and worked with contractors to assure work is completed properly and on time
- Determined elevation levels and grade of construction grounds
- Determined cost of labour and materials for each project

5. Aug 2014 – Jan 2015

Junior Engineer – Galaxy Homes P Ltd, Kochi

- Studied corrections from Senior Engineers to learn and grow professionally
- Assisted Engineers with inspection of finished construction
- Collaborated with engineering team to determine project specifications
- Documented and developed engineering procedures and processes

❖ Education

Bachelor of Technology: Civil Engineering
NIT Calicut, Kerala, India
