Carrier Object-

Seeking a position to utilized my skills ability in your Company/Industry that offers security and professional growth being resourceful, innovative and flexible.

PROFILE AT A GLANCE:

Professional with over all 15 years 6 month experience of industries and top-performing experience in HVAC Drafting and coordination with buildings and their respective discipline of Plumbing, Electrical, Architectural & Structure.

Specialties:-

BIM Implementation, Templates, Construction Documentation, Schematics to Construction Documents, Schedules, Quantities, System Creation in Revit, MEP Detailing & Coordination, MEP Design, BIM Projects, Project Planning, Modeling & Site Coordination

Revit:- Model setup, view template, filter, sheet creation, 3d View. Workset, Family creation with parameter & shared parameter.

Revit Fabrication:- IEZ file set up using CAMDUCT,

Navis Works:- Clash Detection & Coordination, Time Liner Animation, Walk-through Animation, Making Presentation "*.avi". Create .nwc, .nwf, .nwd, .dat file. Create viewpoints, Extract HTML & XML.

Job Responsibilities-

1. Study Tender documents for understanding the scope of work. Identify the scope of work and highlight the areas requiring special attention to various clients.
2. Handling the Overall Project, Co-ordination & Quality checking.
3. Problem sorting & guiding the team.
4. Maintaining project standards throughout the whole project.
5. Mechanical Layout preparation with quantity estimation.
6. Coordination in between all services to solve all pending issue before construction.
7. Quantity takes off with specification of Mechanical.
8. Preparation of 3D installation drawing.

CURRICULUM VITAE

9. Preparation of rendering view & animation as per client requirements.

Revit Major Role-

1. Created assembly drawings, including bills of material and detail drawings by using Revit.
2. 3d model of Mechanical Equipment (Pump, Chillers, Fan, Boiler etc.) by using family.
3. 3D Modelling of MEP Services
4. Clash resolution & Coordination among MEP Services
5. Create plans, sections, elevations and details
6. Updating the model per changes
7. Generating reports
8. Export clash free model to 2D Auto Cad file.
9. Give wall/floor opening dimension for MEP services.
10. Eventually preparation of CD & GFC Drawing.

HVAC Engineering-

1. HVAC detail, Co-ordination, Equipment & Ducting Layout, of Hotel, Hospital, industrial building, School building and Casino project for client by using Auto Cad , Revit MEP
2. Mechanical piping drawing, Equipment & Piping Layout, of Hotel, Hospital project for USA client by using Auto-cad.
3. Co-ordination of MEP services with reference to architecture & Structure layout.
4. Preparation of As-built drawings.

Professional Experience-

Job Doing In Neilsoft Limited: - (3rd Feb'2014 to Till Date) **Pune, Maharashtra, India**

It is Resource base company. It works with Gulf, US & UK and India Project of Hospital, School, Residential and Commercial Building, School/ college etc. Its Head Office is Located in Pune.

Job Responsibility:

1. Responsible for detailing and modeling assignments relating to the MEP
2. 3D Modeling & co-ordination using Navis Works & Autodesk Revit
For MEP Services
3. Schematics preparation from layouts
4. Detailing of Ventilation Layouts and Schematics
5. Detailing of Heating & Chilled Water Layouts and Schematics
6. Detailing of Plant Room Layouts and Sections
7. Detailing of Mechanical Riser Plans and Elevations,
8. MEP Coordinated Layouts and Sections
9. Navis Works for Presentation & Clash detection (Walk through, Time line & Clash Coordination)

Project Type:-

CURRICULUM VITAE

1. Total Mechanical, Electrical & Plumbing coordinated model of a Hospital in Birmingham, UK (Royal Liverpool University Hospital-UK Standard)
2. Total Mechanical, Electrical & Plumbing coordinated model of Doha Metro Greenline (UK Standard)
3. Total Mechanical, Electrical & Plumbing coordinated model of a Hospital in Birmingham, UK (DGRI)
4. Total Mechanical, Electrical & Plumbing coordinated model of a Hospital in Birmingham, UK (Saudi Electricity corporation Headquarters-Gulf Standard)

- 1. Role: Lead Designer (L1 Manager)**
- 2. Task: Full coordination model with quantity estimation**
- 3. Software: Revit Fabrication, Revit, Navis Works, Blue beam**
- 4. Current Client: Black & McDonald**

Above project are made as per client requirement.

Job Done In Prime Star Management Consultancy: - (29th Dec'2012 to 16th Aug'2013) **P.O.Box 181410 | Dubai – UAE**

It is manpower base company. It works with Gulf Project of Hospital, School, Residential and Commercial Building, School/ college etc. It is Located in Dubai.

- **Job Responsibility.**

1. Preparation of schematic diagram.
2. Preparation of route of Mechanical Duct.
3. Preparation of route of Mechanical Pipes.
4. Coordination with other services.
5. Preparation of GFC for site engineers.
6. Release the GFC drawing with all quantity and specification.

Project Done:-

1. King Abdulla Sports City (Saudi Arabia)

1. **Role:** Sr. Engineer (Drafting Team Lead)
2. **Task:** Full coordination model with quantity estimation
3. **Software:** Revit, Navis Works

Above project are made as per client requirement.

Job Done In DG BIM Consulting Pvt. Ltd.: - (20th Jan'2012 to 2nd Nov'2012) **Chennai**

It is out source base company. It works with Gulf, US & UAE and India Project of Hospital, School, Residential and Commercial Building, School/ college etc. It is Located in Chennai.

- **Job Responsibility.**

1. Mechanical Layout preparation with quantity estimation.
2. Coordination in between all services to solve all pending issue before construction.
3. Quantity takes off with specification

Raj Kumar Mondal

CURRICULUM VITAE

4. Mechanical modeling & Drafting in AutoCAD. & Revit
5. Preparation of 3D installation drawing
6. Preparation of Isometric Drawing & generate Bill of Material.
7. Preparation of rendering view & animation as per client requirements.

Project Done:-

1. Salalah International Airport

1. **Role:** MEP Engineer
2. **Task:** Full coordination model with quantity estimation
3. **Software:** AutoCAD, Revit, Navis Works

Above project are made as per client requirement.

Job Done In Pinnacle Infotech Solution: - (15th Oct'2008 to 6th Jan'2012)

It is out source base company. It works with Gulf, US & UAE & UK and Indian Project of Hospital, School, Residential and Commercial Building, School/ college etc. Its Head Office is Located in Durgapur, West Bengal.

• **Job Responsibility.**

1. Preparation of 3d model in Revit MEP for HVAC layout in all types of buildings(Residential, Stadium, Hospital, Research Centre etc.)
2. Preparation of GFC drawing with annotation, dimensioning, sections, details in sheet.
3. Take part in co-ordination drawings, understanding client requirements, in project for coordination between all services.
4. Preparation of Clash detection & analysis report to client with possible solutions
5. Updating model as per client comments or as per client set resolution rules.
6. Working with big team coordination with all members to meet client requirement as per schedule. Mostly worked with USA clients and has a good understanding of USA standards.
7. Impart training to new join in Revit MEP with conducting exams and progress reports.

Project Done:-

1. Delhi International Airport (India)
2. Robert B Diemer Water Treatment Plant (USA-Yorbalinda, California)
3. World Trade Center Transportation Hub (USA)
4. World Trade Center – T1 & T2 (USA)
5. Spoul Stadium (USA)
6. Thagunga & Calenton Dam / Power Plant (USA)
7. Music City Center Shopping Mall (USA)
8. Nano Technology Research Center (USA)
9. AMRI Hospital (India-Odisha)
10. Women's Hospital (USA)

1. **Role:** Sr. HVAC Engineer
2. **Task:** Full coordination model with quantity estimation
3. **Software:** AutoCAD, Revit, Navis Works

CURRICULUM VITAE

Above project are made as per client requirement.

Technical Skills-

1. Familiar with OS (Windows 98, 2000, XP, Windows 2007)
2. Have a vast knowledge in Revit MEP & Revit Fabrication & BIM-360.
3. Have a vast knowledge in Navis Works.
4. Have a good knowledge in AutoCAD, Cad Pipe HVAC, TSI.

Personal Skill-

Self-motivated, committed to excellence, good communication skill, capable to work under pressure, capable to work as a team member & also handle any project as a team Leader to achieve goal independently.

Educational Status-

2008 onward: Diploma in Mechanical Engineering from Government College, named North Culcutta Polytechnic, under West Bengal State Council of Technical Education, India.

2001-2003: High Secondary (10+2), under West Bengal Board of High Secondary Education.

2001 onwards: Madhyamik (+10), under West Bengal Board of Secondary Education.

Hobbie-

- Driving.
- Playing Cricket.

Personal Information-

Father's Name	Amrit Mondal
Communication	SR NO 62-6 Kedari Nagar, Wanowrie, Pune- 411040
Address	Vill+Post-Ukhra (Subhas Para), Dist-Burdwan, W.B. 713363
Date of Birth	11 th May, 1986
Cast	Hindu
Nationality	Indian
Language Known	English, Bengali, Hindi

I Hereby Declare That The Above Written Particulars Are To The Best Of My Knowledge, And I Think That I Can Established My Self In Your Company And Also Give You More Improvement.
