SUMMARY

BIM Engineer about a year of experience in BIM. Specializes in 3D modeling, quantity take off, and sheet creation. Possesses strong communication skills and a solid understanding of commercial projects. Eager to contribute to a dynamic team, Data management, and collaboration techniques for successful building information modeling projects.

EXPERIENCE

THE BIM SKILLS

PRESENT

- Developed and managed comprehensive Building Information Modeling (BIM) documentation, including Employer's Information Requirements (EIR), BIM Execution Plans (BEP) and Model Production Delivery Tables (MPDT).
- Applied Dubai Municipality BIM standards and international best practices to ensure quality control and consistency throughout project lifecycles.
- Created and managed advanced parametric Revit families, improving model efficiency and accuracy for architectural and structural systems.
- Led BIM interdisciplinary model coordination.
- Performed Quality Assurance (QA) and Quality Control (QC) checks on BIM models to ensure compliance with Level of Development (LOD) specifications and project requirements.
- Collaborated with architects, engineers, nd contractors to ensure seamless model integration and

SKILLS

- Autodesk Revit Architecture and Structure.
- AutoCAD 2D Drafting.
- Autodesk Navisworks.
- Lumion.
- Navisworks Manage.
- Recap pro.
- Design Review and Quality Assurance.
- Scan To BIM,CAD To BIM,PDF To BIM.
- Parametric Family Creation in Revit.
-

EDUCATION

- **Bachelor Of Civil Engineering,**
Lingaraj Appa Engineering
College Bidar.
GPA: 6.5
- **Diploma In Civil Engineering**
Nittur Polytechnic College Bidar
- Class: 1st
- **BIM Coordinator course**
THE BIM SKILLS

JUNIOR ENGINEER

2022-2024

- Create 2D CAD drawings
- Interior site supervisor
- Site Management, Labour Management
- Billing of Quantities, Quality Check
