WORK EXPERIENCE

BIM Engineer

Livio Building System

12/2024 - Present

Achievements/Tasks

- LGS Modeling and Detailing,
- Shop Drawing Creation and QC Checks,

BIM Engineer

SCG DESIGN SOLUTIONS PVT LTD

03/2024 - 11/2024

Achievements/Tasks

- Establishing BIM standards for project consistency and quality,
- Designing BIM templates for efficient execution and data management,
- Leading project coordination using BIM technology. Conducting BIM training for team skill enhancement. Ensuring industry best practices in BIM workflows,
- Using BIM tools for better project visualization and analysis. Contributing to ongoing BIM process enhancement,

Jr BIM Engineer

SCG DESIGN SOLUTIONS PVT LTD

12/2022 - 02/2024

Pune, Maharashtra

Achievements/Tasks

- Worked on international (USA) commercial and Residential projects, specialty in Revit Architecture and Structure, Prepared construction documentation (CD) sets for structural projects,
- Execute Level of Development (LOD) 350 work, providing a high level of detail in the BIM model, Developing detailed plans, sections, interior and exterior elevations, and construction details,
- Specialize in crafting project-specific Revit content, including versatile parametric and non-parametric families,
- Tailor sheets to exact client specifications, showcasing adaptability and attention to detail. Ensure top-notch quality control while consistently meeting project deadlines,

CAD Engineer

SCG DESIGN SOLUTIONS PVT LTD

01/2021 - 12/2022

Pune, Maharashtra

Achievements/Tasks

- Framing and detailing of lumber, masonry, and steel structures,
- Specializing in light gauge steel framing and detailing. Creating precise CAD drawings and models,
- Collaborating with architects, engineers, and managers for design accuracy,
- Contributing to project success with technical skills and teamwork,
