TECHNICAL SKILLS

- Revit MEP
- AutoCAD
- E3D
- BIM-LODs
- MS Word, Excel and Power Point

AREA OF INTEREST

- Clash Deduction and Model Coordination
- Parametric Family Creation
- Construction Documentation and Shop Drawings
- Team Worker and Versatile in nature
- Learn-Teach-Learn

EDUCATIONAL BACKGROUND

MSPVL Polytechnic College, Tenkasi
Diploma Mechanical Engineering - **98%**
September 2020

SRM Institute of Science & Technology, Chennai
B.tech Mechanical (PT)
August 2023-Present

LANGUAGES KNOWN

- English
- Tamil
- Malayalam

DECLARATION

I hereby declare that the above given information is true and valid.

PROFESSIONAL SUMMARY

Enthusiastic Revit MEP fresher with hands-on training in BIM modeling. Proficient in Autodesk Revit for creating accurate HVAC, electrical and plumbing layouts. Eager to contribute to efficient, sustainable building projects in a collaborative team.

PROFESSIONAL EXPERIENCE

LUPITER TECHNOLOGIES LLP, CHENNAI.

Internship

Responsibility:

- Assisted in developing HVAC, plumbing, and electrical system layouts using AutoCAD and Revit MEP.
- Participated in creating and modifying 3D MEP models in Revit.
- Helped maintain LOD 300/350 models for coordinated services.
- Helped in estimating quantities for MEP components and preparing Bill of Materials (BOM).
- Ensured all designs and models adhered to relevant IS, NBC, ASHRAE, and NEC standards.
- Gained exposure to project specifications and quality procedures.
- Collaborated with multidisciplinary teams to align MEP services with architectural and structural layouts.
- Worked under the mentorship of senior engineers and BIM modelers

Project Handled:

- Qualcomm Block N, Bangalore
- Technip FMC, Hyderabad

BRAKES INDIA PVT.LTD

(Dec 2020 to Mar 2024)

Technical Module

Responsibility:

- Operated all equipment and machinery according to manufacturing instructions.
- Tool related problems in machine to solve the problems.
- Identified machine malfunctions and resolved them.
- Compared numerical displays with process sheet data to verify dimensional adjustments.
- To maintain the tool & components System & physical stock maintain.

Sincerely,
JONEY R
