Summary

Experienced BIM professional with over 7 years of expertise in architectural and structural modeling, coordination, and shop drawing preparation. Proficient in creating parametric families and managing complex BIM projects across multiple disciplines. Seeking a challenging position in a reputed organization that can effectively utilize my skills, providing excellent career growth opportunities and a good working environment to achieve greater heights with sheer hard work and determination.

Experience

BIM ENGINEER (ARCHITECTURE & ID)

September 2024 - Present

Desionics Project Designs (P) Ltd.

Kerala, India

Developing comprehensive BIM models for international and domestic projects

Coordinating with multidisciplinary teams to ensure model accuracy and consistency

Creating detailed shop drawings and construction documentation

Managing project timelines and deliverables according to client specifications

Implementing BIM standards and workflows to improve project efficiency

Current Projects:

- ◊ JSS International School Dubai (JVC)
- ◊ Al Yamamah Royal Palace L01, Saudi Arabia
- ◊ The Ritz-Carlton Riyadh
- ◊ Shura Island Red Sea Project HE1 & HW (Builders Work)
- ◊ ZOHO Madhurai Campus
- ◊ Heather Nalanchira & Trine Edakochi
- ◊ KIIFB Projects
- ◊ 200 TPD Waste to Energy Plant at Palakkad (Blue Planet Palakkad Waste Solution Pvt Ltd.)

BIM ENGINEER (ARCHITECTURE & ID)

August 2023 - August 2024

ECOXAX Design Solutions

Kerala, India

Developed BIM models in LOD 200-400 ensuring accuracy and adherence to project specifications

Coordinated with other BIM team members to ensure the model was consistent and met project requirements

Generated precise sheet views and detailed drawings for Architectural, Structural, and MEP disciplines

Created parametric families, including door parameter families and custom-made families for specialized components

Utilized a range of BIM software tools, including Revit, AutoCAD, and Navisworks, to create and manage project models

Managed and updated the comments with specified deadlines, maintaining effective communication with teams

Project Involvement:

- ◊ Madinat Al Riyad, Abu Dhabi
- ◊ Jamee Bani yas north, Abu Dhabi
- ◊ Masjed Bani yas north, Abu Dhabi

BIM ENGINEER (ARCHITECTURE & ID)

October 2020 - March 2023

IDIBIM

HYDERABAD, HONG KONG

Coordinated and prepared shop drawings and 3D models for international projects
 Exported PDF's/DWG's for Engineers Review and implemented feedback
 Updated comments from supervisors and managers to maintain project quality
 Reviewed daily model updates and reported progress to engineering team

BIM ENGINEER (ARCHITECTURE & ID)

March 2018 - August 2020

RPE

BANGALORE

Created 3D models and coordinated shop drawing preparation for structural elements
 Modeled according to engineers' markup for structural services
 Performed clash coordination based on team reports and resolved conflicts
 Created detailed shop drawings and annotations for coordinated models
 Managed internal clashes during modeling process to improve efficiency

BIM ENGINEER (ARCHITECTURE & ID)

January 2016 - February 2018

RAMTECH SOLUTIONS

DUBAI

Collaborated with BIM structural and architectural modeling teams under engineering leadership
 Reviewed input drawings and models to prepare client queries
 Assisted in finalizing deliverable schedules and BIM execution plans
 Produced coordinated models, shop drawings, and clash reports according to requirements

BIM ENGINEER (ARCHITECTURE & ID)

February 2015 - December 2015

PROMPT ENG. CONSULTANT

THRISSUR

Coordinated and prepared shop drawings and models for interior design projects
 Performed clash coordination according to team reports
 Created detailed shop drawings and annotations for coordinated models
 Developed schematic drawings under engineering supervision

Education

Diploma in Civil Engineering

2014

Board of Technical Education

Kerala

Higher Secondary Education (HSE)

2008

Board of Examinations

Kerala

Completed with 64% marks

Secondary School Leaving Certificate (SSLC)

2004

Central Board of Examination

Kerala

Completed with 70% marks

Technical Skills

BIM Software : AutoCAD, Revit Architecture, BIM 360, Revit Structure, Revit MEP, Navisworks
Soft Skills : Communication, Organization, Creativity, Team Player, Commitment
Languages : English, Malayalam, Tamil
