Experience

- CORE CENTER PALAKKAD**
MEP DRAFTSMAN
 - 1) Led Reviewed consultants 'design drawings and specification.
 - 2)Placement of fixtures in the coodinated model as perdesign drawing.
 - 3)Created 3Dmodel of Electrical services based on contract.
 - 4)drawings, Specifications and technical submittals in the base of REVIT
 - Clash detection and Execution the best possible solution.
 - Coordinated all MEP services in Autodesk Platform.
 - PreparedShop/Installation Drawings based on the coordinated Model.
 - Prepared Bill of Materials/Quantity take off based on the Shop/installation drawing. Created Revit genericfamily.
 - Repared Wall & Slabpenetrationdrawing.
 - RFI creation while executing the project.
- Developing Mechanical, Electrical, Fire & Plumbing Revit Template,
- Developing of Mechanical, Electrical, Fire & Plumbing Revit Families.
- Preparation of Mechanical, Fire & electrical 3D & 2D drawvings in Revit
- Preparation of Fire pump, Water Tank, Substation & Pump room Layout in Revit.
- Coordination of BIM Projects using clash detection tool
- Providing internal REVIT MEP training
- Using Worksets & Filters for creating Duct, Piping,Cable tray systems.
- Preparation of Schedules & Sheet List
- Excellent knowledge in Revit Linking,Workset, Interference Checking, Project Browser, Scope Box, Visibility Graphics, Filters, Shared Parameters, view range, Object Styles, Materials, annotation, Drafting View, Legend &tag
- Preparation of MEP AUTOCAD Drawings

Education

- | | |
|--|------|
| • Core institute palakkad
Electrical Autocad , Revit mep , industrial mep | 2024 |
| • Aries Polytechnic college attapadi palakkad
Diploma in electrical and electronics engineering
7.69cgp | 2021 |
| • vocational Higher Secondary school
Electronics and communication technolog | 2019 |
| • Technical High School
Refrigeration and air-condition | 2017 |

Skills

- AutoCAD Highly proficient in AutoCAD software to create electrical designs and drawings. Proficient in the use of electrical design software and electrical schematics. Knowledgeable in the National Electrical Code standards and applicable safety regulations. AutoCAD with all relevant commands, 2024
- REVIT Mechanical electrical plumbing design Hvac drafting Fire fighting Plumbing
- Team leader
- Technical support
- Supervising
- Troubleshooting

Projects

- **Keys Projects**
 - 1)APPARTMENT:- For this project we did all the MEP in Revit, I was the lead MEP Revit draftsman for this project. This is a highly confidential project and don't have any right to disclose more about this project.
 - 2) SCHOOL BUILDING: For this project we did all the mechanical, Fire, electrical services in Revit-2024
 - 3) Hotel 1:- This project is a Hotel Apartment & we did MEP in revit2024

CERTIFICATIONS

- Proficiency in AUTODESK REVIT MEP
- Proficiency in AUTODESK AUTOCAD
