

K.KARTHIC PRASANTH

ELECTRICAL ENGINEER - BIM - MEP

PROFILE

To contribute to a progressive organization by delivering my strong expertise design, erection, testing & commissioning, operation and maintenance of MEP task with my mix of people, process and fundamental strength.

SKILLS

PROJECT ERECTION (MEP)

O&M, PLANT MAINTENANCE

REVIT (MEP)

AUTOCAD

TESTING & COMMISSIONING

PLC & SCADA

CONTACT

karthicprasanth@hotmail.com

PHONE NO: 8248887171

**ADDRESS: NO 4,
KANDASAMYNAGAR
SAMBANDHAM STREET
POONAMALLEE
CHENNAI-56**

EXPERIENCE

2023 – TILL	BIM ENGINEER - MEP THE BIM ENGINEERS PVT LTD
2021 – 2023	ELECTRICAL ENGINEER MV POWER CONSULTANT PVT
2020 – 2021	JLL-CIEL HR SERVICES TECHNICAL EXECUTIVE AT JLL CIEL HR SERVICES
2019 – 2020	QA/QC ENGINEER-MEP CRESCON PROJECT AND SERVICES PRIVATE LIMITED
2017 – 2019	PROJECT ENGINEER-OMAN AL TASNIM ENTERPRISES LLC OMAN
2015 – 2017	TESTING AND COMMISSIONING INEL POWER ENGINEERS PRIVATE LIMITED
2014 – 2015	GAT SCHNEIDER ELECTRIC PRIVATE LIMITED
2011 – 2014	PROJECT ENGINEER MENAKA ELECTRICAL PRIVATE LIMITED 'A' GRADE CONSULTANT

REVIT EXPERIENCE

- GENERATE DOCUMENTATION AND LOD 300, LOD 400 (SHOP DRAWING) & LOD 500 (ASBUILT DRAWING FOR BIM MODELS INCLUDING RFI DOCUMENTATION GULF, INDIAN, US, UK STANDARDS AND SPECIFICATION.
- CREATING CENTRAL FILE, WORKSET, VIEW TEMPLATE & FILTERS, SHEETS WITH ANNOTATION, FINDING CLASH DETECTION USING NAVIS WORK.
- TECHNICAL COORDINATION WITH INTERNAL DEPARTMENT MEP.
- PREPARATION OF 3D MODELS CONTAINMENT, POWER, LIGHTING, ELV AND BMS, PANEL SCHEDULE, DB, BILL OF QUANTITY, STANDARDS.

PROJECTS

DAHAB TOWER-Somalia

AL RAYAL -QATAR

MEXICOSQUARE MULTI-UAE

L&T-AIRPORT ASBUILD

SHAKANT HOSPITAL PROJECT

SCAN TO BIM PROJECT -US

EDUCATION

2007 – 2011

BE-EEE -61%

SRI.MUTHUKUMARAN INSTITUTE OF
TECHNOLOGY

2014 – 2015

PLC AND SCADA
TECHNOCRAT AUTOMATION

2010 – 2011

AUTOCAD @DIAGONAL CAD

2010 – 2011

REVIT & NAVIS@ CADD

PROFESSIONAL EXPERIENCE

- ✓ Design activities which involve drafting and design including coordination /drawing work /integrating utilities/working out of BOQ'S/Preparation of tender/Coordinate with design team about site constraints /Colleague meeting site activities which involve site inspection /Preparation site report of design deviation checking attend site meeting/Coordinate with stake holder /Involving in travel if required.
- ✓ Preparing power , lighting ,substation layout , earthling , lightning protection , voltage drop calculation cable sizing , breaker sizing tray and trucking sizing ,panel sizing , single line diagram , db schedule , load schedule ,elv design and standard , take off sheet , point matrix , calculation of independent load and dependent load , Boq with costing ,load sheet , elv which include fire alarm system , access control system , cctv layout and schematic , bms layout and schematics, emergency lighting system with schematic, central battery system , pava system with schematic , telephone and data layout and schematics , as per the design standard addc, dewa, oes , sewa, fewa (ethisalat), Qatar general electricity and water authority kahramaa standard ,IS ,iec , bs standard , nec standard ,nbc, ciegtneb, NFPA FIRE protection , hvac duct sizing pipe sizing using macqua software , hap heat load calculation , area calculation cfm calculation ,pump sizing and pressure drop calculation.
- ✓ Preparing MOS, QAP, MRIR, IR, RFI, FQP, GRN, ITP, Material sample submittal, Material approval submittal, Deviation checklist, Weekly work report for electrical system and ELV
- ✓ Reviewing of tender Specification, Drawing, Bill of quantity, Method of statement.

- ✓ Ensuring that all HVAC site activities are conducted under controlled conditions as per shop drawings, Work method statements and specification of work plan. and study and preparation of BOQ for projects.
- ✓ General supervision and inspect the installation of mechanical system at construction site.
- ✓ Ensure safe work Environment and control the use of materials to avoid damage and wastages.
- ✓ Meeting with Architect consultant client and site coordination with other services.
- ✓ Check of execution AHU hanger faster and c channel for pipe/Duct support etc.
- ✓ General supervision and inspect the installation of mechanical system at construction site.
- ✓ Ensuring the quality of HVAC work.
- ✓ General supervision and inspection of installation modification and commissioning of HVAC System.
- ✓ Testing and commissioning of air balancing using anemometer, dallometer for balancing in ahu, chiller water pipe line Radiography test, Leak test, pressure test, functional performance test, noise and sound test and vibration test.
- ✓ Ensuring HVAC related activities are conducted under controlled conditions as per specifications and work plan.
- ✓ Maintenance of Water cooled and Air-cooled Chillers, Cooling tower Heat exchanger, Evaporator, Condenser, AHU.PACu, and FCU system.
- ✓ INSTALATION OF ELECTRICAL EQUIPMENTS (HV, LV, ELV) AS PER IEC, NEEMA, BS, NFPA STANDARDS
- ✓ TESTING AND COMMISIONING OF ELECTRICAL EQUIPMENTS HV, LV, &ELV.
- ✓ Fire Fighting installation of fire pump including automatic fire water sprinkler system, automatic carbon dioxide extinguisher system, foam system (fm200, vesda), Gas detection system, Installation of gas tank in gas station, Gas panel interfaced with fire alarm protection, Gas meter interfaced with BMS. Installation zone control valve butterfly valve, float switch interfaced with NFPA standard fire alarm system.
- ✓ Plumbing installation of domestic raw cold water pipeline, Drainage water pipe line ,Irrigation water pipe line, Installation of Irrigation pump, domestic cold water booster pump, Chemical dosing pump, Pressurization pump, Chiller primary and secondary pump Make up water pump, STP Sedimentation and filtration tank, Aeration tank, cooling tower, Installation and fixing of sanitary wares, water heater, Pressure vessel, Generator diesel tank. Testing and commissioning of pressure test, Integrity test for foam system.
- ✓ Erection , testing and commissioning of electrical mechanical equipment , preparing material sample submittal material approval submittal ,creating purchase request for material approved by consultant ,studying ifc drawing and coordinating draftsman to draw according to site conditions , handling foreman to execute as per

the approved shop drawing getting approval from the consultant after executing in site preparing and getting approval for material inspection request , inspection request for the site installation and raising request for information for the site executing problems , for hv cable and lv cable calculating voltage drop and selecting cable according to site conditions ,checking shop drawing for executing and for the further approval ,conducting testing and commissioning for electrical equipment such as (for hv , testing and commissioning of rmu , transformer , generator , ups ,mv panel , lv panel , emcc, pmcc, mcc,,smdb, db, eldb ,edb,),(insulation resistance test and earth fault impedance test for the live circuit thermal imaging , ups load test , generator load test ,apfc commissioning,, discrimination study for all breaker & isolators witnessing third party consultant and getting approval) Erection of on grid and off grid Solar PV manhole execution ,Recently involved in Installation of 100KW solar panel in roof top and car parking area ,routing of cable ,installation of dc distribution box , string type inverter central type inverter commissioning and troubleshooting .elv system like fire alarm , lighting control system , central battery system , public addressing and voice addressing , cctv and access control system , foot fall counting system , radio communication system installation and testing and commissioning getting approval from the consultant getting approval for the civil defence for the building , testing installation of lighting protection system external lighting like facade , street lights , pollard light ,measuring lux level and light intensity according to building design , interfacing fire alarm with Bms system , fm200 , installation of conduit provision and cable pulling for Bms system. Managing MEP design project including HVAC, pumping, fire fighting & pipe system from initiation through successful completion.

- ✓ .Testing of all the control and relay panel from 11 Kv to 400 Kv at various domestic and Qatar projects. Testing of switchgear and switch yard equipment's
- ✓ .Testing PGCL up to 400 Kv line and control panel.
- ✓ Testing NTPC up to 400 Kv line and control panel.
- ✓ Carried out Operation, Maintenance and Correction activities in **Unit Transformer Switchgears & Station Transformer Switchgear** of 33KV, 11KV & 6.6KV
- ✓ Operating knowledge of all Protective Relays. Providing safety Inter lock of Electrical Equipment for reduced breakdowns, Accident, and material jamming problem.
- ✓ To maintain utility of plant like Compressor (atlas cap co), Transformer (Areva, CGL, Voltamp, Indotech), and Dg sets (Kirloskar, Cummins, Caterpillar, Stamford,
- ✓ To facilitate periodical servicing & overhauling of Genset, Compressor, Transformer
- ✓ To maintain record of power consumption, Log book, Preventive maintenance etc.
- ✓ To prepare monthly statement for power consumption.
- ✓ Transformer **Oil BDV Test** (Breakdown Value) to be carried out during shutdown Maintenance to ensure the Insulation level of transformer oil.
- ✓ Secondary injection (current voltage power and frequency) to relay metering instrument using **omicron kit (CMC 256 & CMC 356)**.
- ✓ Analyzing the schematic drawing of various power projects and to give the feedback if any logic in drawing was wrong.

TEST KIT HANDLED

- ✓ OMICRON TEST KIT
- ✓ HV TEST KIT
- ✓ INSULATION MEGGER AND INJECTION TEST KIT

PERSONAL DETAILS

- ✓ Father's Name : Mr. E. Kumaresan
- ✓ Date of Birth : 26.05.1989
- ✓ Languages Known : Tamil, English, and Hindi
- ✓ Area of interest : electrical project HT, LT, ELV, mep project, testing and commissioning of switch gear and switch yard equipments, operation and maintenance of 33kv substation, facility maintenance relay testing, electrical design, protection
- ✓ System & electrical maintenance
- ✓ Pass port no : L7265981
- ✓ Skype I'd : karthicprasanth_1

- ✓ ELECTRICAL LICENSE : C55968

DESIGN PROJECTS HANDLED & COMPLETED

- 1. APPOLOW ACCOMODATION –UMM AL QUWAIN**
- 2. ALOATIM KARTING – HASA AND HAIL –KSA**
- 3. MY WHOOSH – ABHUDHABI**
- 4. JABAL AL SHAMS –OMAN**
- 5. SAFFORILAND AND DAMMAN-KSA**
- 6. ZAIN FACTORY @ JUBAIL –KSA**
- 7. SNB BANK – KSA**
- 8. TECH ZONE DAMAM ALOTHAIM-KSA**
- 9. TARA INDUSTRY –ABHUDHABI**
- 10. ADNOC –GOP AT SHASHA ISLAND –ABHUDHABI**
- 11. CARPARKING ABUDHABI- ALL BLOCKS**
- 12. SOBHA MADULAR INDUSTRIES –ABHUDHABI**
- 13. NAGARCOIL BUS TERMINAL- CHENNAI**
