EDUCATION

SSLC

Don Bosco Matric secondary school.

Percentage: 65% (June 2016 – April 2017)

HSC

Little Scholars Higher Secondary School.

Percentage: 64% (June 2018 – March 2019)

B.Sc. Computer Science

Annai Vailankanni Arts And Science College, Thanjavur

Percentage: 77% (June 2019 – April 2022)

M.Sc. Computer Science

Periyar Manniammai University, Vallam, Thanjavur

Percentage: 75% (June 2023 - May 2025)

PROJECT

Server aided public key encryption

- Server-Aided Public Key Encryption is a cryptographic system where a trusted server assists in performing computationally intensive encryption and decryption operations without accessing the private key. This enhances security and efficiency, especially for resource-constrained devices.

Diabetic Prediction system using deep learning

- Developed a deep learning model to predict diabetes based on clinical and demographic data, utilizing key features such as blood glucose levels, BMI, insulin levels, and patient history. Implemented advanced neural network architectures, including CNNs and LSTMs, to enhance prediction accuracy and model generalization.

ADDITIONAL INFORMATION

- Languages: Tamil, English
- Certifications: Conference attended for PG project, Typ (English lower)
