OBJECTIVE

Enthusiastic BIM Modeler with 2 years of hands-on experience creating and refining 3D models using Revit. Adept at collaborating with teams to ensure precision in project execution and adherence to design specifications. Committed to enhancing workflows and elevating project outcomes through effective BIM practices.

CARRER HIGHLIGHTS

Organization	Designation	Period
DesignBuild Architectural and Structural consultancy, Bangaluru	BIM MODELLER	JUNE 2023 To PRESENT

Technical Skills

- **Standard and Documentation:** BIM standards development, Construction documentation.
- **Regulatory compliance:** Industry standard, BIM regulations and practices, BIM methodology improvements, Clash detections.
- **Technical skills:** Revit, CAD, Naviswork, MS office.

Work Experience:

- Developed and maintained BIM models using Autodesk Revit for various construction projects including key projects such as **High-Rise Residential towers** and **Hospital facility**.
- Prepared detailed construction documents and specifications based on BIM models.
- Participated in design review meetings, offering insights on best practices for BIM implementation.
- Regularly updated models to reflect design changes and site-specific requirements.
- Applied civil engineering standards to ensure compliance and model accuracy.
- Contributed to the production of construction drawings directly from BIM models.
- Advanced software tools to enhance model visualization and stakeholder communication.

Educational Qualification

- B.E Civil Engineering (66%) from GEC Haveri, affiliated to VTU Belagavi - Karnataka
