OBJECTIVE

Detail-oriented BIM Engineer with expertise in Building Information Modeling, aiming to leverage advanced technical skills and collaborative experience to enhance project efficiency and accuracy. Committed to delivering innovative solutions and optimizing workflows in a dynamic team environment.

PROFESSIONAL EXPERIENCE

Jr.BIM Engineer

Oct 2023 - present

Pangulf Technologies Pvt Ltd . Pune, Maharashtra .

CMC (USA)

- Worked on Scan to BIM projects for retail stores following US standards.
- Created detailed Revit models and architectural plans based on laserscan data.
- As well as documented them on sheets with fire exit path.

INGENIUM – Belgium Standards

- Developed Revit models at LOD 200 for clash resolution.
- Ensured seamless integration and clash-free coordination of architecture and structure.
- Created and raised the RFI's according to ISO format.

STEELMAN – US Standards

- Led architectural coordination for construction drawing creation.
- Conducted clash detection and detailed documentation at LOD 350.
- Ensured design accuracy and documentation completeness.

HOOYBERGHS – Belgium Standards

- Developed Revit models at LOD 300 for clash resolution and precise quantity take-off.
- Generated accurate material schedules for procurement and estimation by taking reference from Dalux
- Used dalux for coordinating Ifcs and raising issues.

Versatile Group (UAE)

- Modelled facade elements for LOD 400 for provided revit model
- Modified and created the families according to the need for facade elements.

EDUCATION

B.E (Civil Engineering)

June 2019 - July 2023

Savitribai Phule University . Pune, Maharashtra.

SKILLS

- Autodesk Revit (Architecture & Structure)
- AutoCAD (2D drafting and detail drawings)
- Autodesk Construction Cloud (BIM 360)
- Bluebeam Revu (for markups/review)
- Dalux(For raising issues as well as viewing purpose)
- Graphisoft ArchiCAD

LANGUAGES

- Marathi
- Hindi
- English

CORE COMPETENCIES

- BIM Modelling & Coordination
- Architectural Design & Detailing
- Clash Detection & Resolution
- Project Documentation & Presentation
