

ANANDHARAMAN V

ELECTRICAL ENGINEER (ELECTRICAL & ELV)

📍 Madurai

✉ ananthraman874@gmail.com

☎ 8610286735

PROFILE SUMMARY

Experienced Electrical Engineer – Electrical & ELV with over 2 years in detailed electrical design, BIM modeling, and coordination of ELV systems & Earthing Systems. Proficient in Revit MEP, Navisworks, AutoCAD, BIM 360, and Revizto, delivering integrated models for residential, commercial, and infrastructure projects. Skilled in clash detection, shop drawing production, and multidisciplinary coordination ensuring accurate, constructible designs.

EDUCATION

2019 – 2023

**CK COLLEGE OF ENGINEERING
AND TECHNOLOGY, INDIA**

Bachelor of Engineering in
Electrical and Electronics
Engineering

CORE

C O M P E T E N C I E S

- ✓ BIM Modeling for Electrical , ELV Systems (CCTV, Access Control, Fire Alarm, PA Systems, BMS) & Earthing Services.
- ✓ Electrical Power & Lighting Design (SLDs, Panel Schedules,)
- ✓ Autodesk Revit MEP, AutoCAD, Navisworks Manage, Revizto, BIM 360.
- ✓ Clash Detection & Coordination (Navisworks & Revizto)
- ✓ Drawing Production (IFC, Shop, As-built)
- ✓ ADDC, NEC, BS, ISO 19650 Standards

WORK EXPERIENCE

Pinnacle Infotech Solutions Madurai, India (AUG2023- PRESENT)

- Electrical Engineer – BIM & Design (Electrical & ELV)
Lead electrical and ELV BIM modeling and detailed design for luxury residential and infrastructure projects.
- Coordinated electrical layouts, single-line diagrams, panel schedules, lighting, power, and ELV systems, Earthing systems
- Developed Revit BIM models integrating ELV with electrical and architectural disciplines for seamless coordination.
- Conducted clash detection sessions, resolving multidisciplinary conflicts using Navisworks.
- Produced coordinated shop and as-built drawings, ensuring design compliance and site readiness.

PROJECT EXPERIENCE

CENTER OF CURIOSITY-AS BUILT: ABU DHABI, UAE

BIM Engineer (Electrical & ELV)

- Executed 3D modeling and shop drawing coordination for electrical and ELV containment systems, including clash detection and resolution with architectural, structural, and MEP disciplines.
- Modeling and shop drawings for Electrical Rooms, ELV Rooms and Riser.
- I have experience in earthing(grounding) services, creating detailed models and preparing shop drawings.
- I have contributed to BMS services by creating detailed models and preparing shop drawings to facilitate the system's design and installation.

SKILLS

- ✓ RevitMEP, AutoCAD, Navisworks Manage
- ✓ BIM 360, Revizto.
- ✓ MS Office

LANGUAGES

- ✓ English
- ✓ Tamil

ARAMCO STADIUM :KHOBAR,SAUDIARABIA

BIM Engineer (Electrical & ELV)

- Executed 3D modeling and shop drawing coordination for electrical and ELV containment systems, including clash detection and resolution with architectural, structural, and MEP disciplines.
- Managed clash detection and produced IFC, shop, and as-built drawings for ELV systems.
- Collaborated with project teams to implement quality control measures and improve overall model accuracy.

SHURA ISLAND (RED SEA PROJECT) – SAUDI ARABIA

BIM Engineer (Electrical & ELV)

- Developed and coordinated BIM models for electrical and ELV systems on international projects.
- Managed clash detection and produced IFC, shop, and as-built drawings for ELV systems (Fire Alarm, CCTV, Data Networks, PA).
- Completed shop drawings for ELV (Extra-Low Voltage) & Power services in line with project and regulatory requirements.
- Coordinated with MEP and architectural teams to ensure clash-free integration.
- Developed conduit layouts in coordination with architectural and MEP systems

THE AVENUES MALL,RIYADH,SAUDI ARABIA

BIM Engineer (Electrical & ELV)

- Supervised internal quality assurance and control activities.
- Ensured coordination of 3D models across multiple building services.
- Supported technical operations and maintained accurate project records.
- Deployed automation tools including DiRoots and Pi-VDC to enhance workflows.
- Performed 3D BIM model validation at LOD 350 with Revit MEP.
