

Mohammed Abuzar

Civil Engineer & BIM Modeler

I'm a motivated and detail-oriented BIM Modeler skilled in Autodesk Revit, Navisworks, Tekla, and Enscape. I specialize in creating accurate 3D models and documentation while ensuring smooth collaboration with architects, engineers, and contractors. With a solid understanding of BIM processes and standards, I'm committed to continuous learning and contributing to successful project execution in a dynamic work environment.

Experience

● BIM MEP Training (Mar 2024 - Jun 2025)

PTS CAD EXPERT

I did a BIM MEP internship at PTS CAD EXPERT, where I learned to model Mechanical, Electrical, and Plumbing systems using Revit. It improved my technical skills and understanding of MEP coordination in real projects. This experience prepared me well for the construction industry.

● BIM Training (Oct 2024 - Feb 2025)

SOLITUDE EDUCATION

I did a BIM internship at Solitude Education where I gained hands-on experience with 3D modeling software and real-world project workflows. It improved my technical skills and understanding of collaborative design. This experience strengthened my foundation for a career in architecture and construction.

● As Site supervisor (Aug 2023 - Oct 2023)

NANDEESWARA CONSTRUCTIONS | TUPRAN

Supervised site operations involving underground drilling using Horizontal Directional Drilling. Managed labor coordination, material transportation, and site inspections. Ensured work adhered to engineering standards and safety regulations.

● As Chainman (2021 - 2022)

SMR LAND SURVEYORS | HYDERABAD, WARANGAL, KADAPA

Worked on land surveying using Total Station and DGPS. Assisted in map calculations, elevation assessments, and coordinate marking. Gained experience in geospatial analysis and land development planning.

● Internship (Sept 2022)

PARAMOUNT BUILDERS | ATTAPUR, HYDERABAD

Monitored construction sites and assisted in facility maintenance. Verified engineering blueprints and ensured compliance with design specifications. Calculated requirements for structural planning and execution.

● Internship (Dec 2019 - May 2020)

WISE CONSORTIUM | TOLI CHOWKI, HYDERABAD

Worked as a trainee site staff, ensuring construction compliance with drawings. Liaised with contractors for execution and quality assurance. Assisted in project documentation and submission of drawings.

Education

● Lords Institute of Engineering and Technology

BE in Civil Engineering (2020 - 2023) - 7.12 CGPA

● Arkay College of Engineering and Technology

Diploma in Civil Engineering (2017 - 2020) - 76.39 %

● Matrusri High School

SSC (2017) - 8.5 GPA
