Professional Summary

Certified BIM Engineer with a solid background in 3D modeling and implementing Building Information Modeling systems. Strengths include strong technical skills in software like Revit, AutoCAD, Navisworks, and ability to manage complex projects. Have contributed significantly to cost savings and efficiency improvements on past projects through the strategic use of BIM processes.

Technical Skills

BIM modeling (Level 4)	BIM coordination (Level 2)
Project management (Level 3)	3D modeling expertise (Level 4)
AutoCAD mastery (Level 4)	Dynamo scripting (Level 1)
Architectural design (Level 4)	Revit Architecture (Level 4)
Parametric design (Level 4)	Revit Structure (Level 3)
Revit proficiency (Level 4)	ACC/BIM 360 (Level 4)
	SketchUp (Level 2)

Professional Experience

- BIM Engineer | Latinem a part of PNCA architect(SOBHA Realty) - Hyderabad, India (May 2024 - Current)**
 - Developed detailed BIM models for various construction projects as per CAD.
 - Collaborated with architects to ensure design accuracy and feasibility.
 - Assisted in clash detection to minimize conflicts during construction phases.
 - Participated in project meetings to discuss design modifications and updates.
 - Supported the integration of BIM processes into project workflows effectively.
 - Develop GA plans for the Architecture and structure models.
 - Ensure model and drawing accuracy in compliance with BIM standards and project workflow criteria/checklist.
 - Conducted quality control checks on all deliverables prior to submission.
 - Created families of components for use in multiple projects.
 - Collaborate with the project team on design coordination and documentation.
 - Ensure compliance with industry BIM standards i.e. ISO 19650 and client requirements.
 - Preparing basic Dynamo scripts as per the project work requirements

- **BIM Modeler | Adiraj Construction Company - Pune, India (January 2021 - April 2024)**
 - Developed detailed 3D models using Autodesk Revit for construction projects as per CAD.
 - Created 3D models of residential and commercial buildings using Revit software.
 - Updated existing 3D models based on changes made by other disciplines or due to clashes detected in coordination meetings.
 - Created advanced views, schedules, sheets, and annotations from existing model elements.
 - Performed quality control checks on all BIM models prior to submission.
 - Trained junior staff on BIM software tools and best practices for modeling tasks.
 - Prepare detailed design plans, elevations and schedules.
- **Junior Engineer | BKP infra & Tushar Builders - Pune, India (August 2019 - December 2021)**
 - Coordinated with contractors and subcontractors to ensure project compliance.
 - Conducted field inspections to assess the quality of workmanship and materials used in construction projects.
 - Tracked project status through steps and complied with safety regulations and design requirements.
 - Managed subcontractors, ensuring their work met project standards and deadlines.
 - Monitored site activities to identify and mitigate potential risks to project timelines and quality.

Education and Training

- M.Tech. Construction Management - Rajarambapu Institute of Technology, Islampur, Maharashtra (February 2025) With 9.03 CGPA
- B.E Civil Engineering - ADCET Ashta, Maharashtra (March 2019) With 74%
- HSC Science Education - Huatma Kisan Ahir Junior College Walwa, Maharashtra (March 2015) with 74%
- SSC Technical And Science - Hutatma Kisan Ahir Vidyalaya Walwa, Maharashtra (March 2013) with 90.73%

Recently Completed Projects

- **Toblerone Towers**

Location: Dubai

Client: PNC Architects

Scope: LOD 300, LOD 350

- Prestigious high-rise with 3 towers (A, B, C), including basement, ground, mezzanine, podium (5 levels), and 75 residential floors.

- **Sobha One**

Location: Dubai

Client: PNC Architects

Scope: LOD 300, LOD 350

- Mixed-use high-rise with five interconnected towers, includes basement, ground, mezzanine, 5 podium levels, and 65 floors.

- **Management Villas (Hartland II),**

Locatio: Dubai

Client: PNC Architects

Scope: LOD 300, LOD 350

- Ultra-luxury villas with private pools and smart systems. Involved in BIM coordination and design accuracy for facility management.

Activities and Honors

- Team leader – managing a team of seven for high-quality project outcomes.
- Member of College Cultural Committee – organized multiple events and fests.
- Represented college cricket team in inter-university tournaments.

Accomplishments

- Gold medalist during the Masters.
- Achieved 3rd rank in school during SSC.
- Qualified for GATE 2022 with a valid score.

Personal Details

Full Name : Saddam Kashim Walandkar

Date of Birth : 15-08-1997

Language Known : English, Hindi and Marathi

Nationality : Indian

Declaration

I hereby declare that the above details are true to the best of my knowledge, and I am personally responsible for the authenticity of the same.
