

ANNAMALAI N

BIM ENGINEER | 6 years' Experience | [linkedin.com/in/annamalai-n](https://www.linkedin.com/in/annamalai-n)
Chennai, India | +91 77081 67979 | annamalai2814@yahoo.com

PROFESSIONAL SUMMARY

Experienced BIM Engineer with 6 years in Building Information Modeling (BIM), specializing in creating precise, data-rich models using Autodesk software such as AutoCAD, Revit, Navisworks, and BIM360. Expertise in performing clash detection, quality control, and ensuring projects meet technical specifications and compliance standards. Strong foundation in civil engineering, combined with practical construction experience. Certified in Business English (B1 Level). Known for effective collaboration and problem-solving across multidisciplinary teams to ensure project success and efficiency.

SKILLS

- **BIM Modeling & Coordination Tools:** Revit (Arch, Struct, MEP) | Navisworks | AutoCAD | Dynamo | Robot Structural Analysis Pro. | Stadd.Pro | 3ds Max
- **Collaboration Tools:** BIM360/ACC | BIM Track
- **Other Tools:** Enscape | Bluebeam | Microsoft Office | Scan to BIM
- English | Tamil | – Professional proficiency & above

PROFESSIONAL EXPERIENCE

BIM Engineer

BIM Integrated Services Pvt. Ltd. | June 2023 – Present

Projects: Srirama Chandra Bhanja Medical College and Hospital (SCBMCH), All India Institute of Medical Sciences (AIIMS), Patna Medical College and Hospital (PMCH)

- Created and managed detailed structural BIM models ensuring compliance with project specifications.
- Collaborated with design teams to integrate architectural, structural, and MEP systems.
- Conducted clash detection and coordination using Navisworks Manage, reducing conflicts during construction.
- Managed real-time collaboration through the BIM360 platform to streamline project execution. Developed as-built models reflecting on-site changes and updates.
- Generated construction documentation, GFC (Good for Construction) & shop drawings, and produced accurate schedules and quantities from BIM models.

Intern

TechnoStruct, LLC. | Apr 2023 – May 2023

Projects: Santa Rosa Junior College, 67 Melanie Residence

- Developed architectural and structural BIM models using Autodesk Revit, ensuring adherence to specifications.
- Created MEPF models and coordinated services using Revit and Navisworks Manage to ensure seamless integration.
- Generated detailed drawings, schedules, and quantities directly from the BIM models.

BIM Modeler and Visualizer

ONYX Engineers and Contractors LLP | Sep 2021 – Mar 2023

- Developed architectural design layouts and BIM models ensuring accuracy and project compliance.
- Produced high-quality 3D visualizations, renderings, and walkthroughs for effective client presentations.
- Created innovative design concepts for both interior and exterior spaces, maintaining client preferences. Generated shop drawings, schedules, and quantities from BIM models.

BIM Modeler

Arcomorph Architects | Jul 2019 – Aug 2021

- Collaborated with clients to develop residential and commercial designs based on their preferences.
- Conducted site assessments and measurements for accurate design development.
- Created floor plans, interior/exterior designs, and site markings, ensuring quality assurance.
- Developed BIM models, parametric/non-parametric families, photorealistic renderings, and walkthroughs for presentations.
- Ensured compliance with building codes and safety regulations in design.
- Produced construction documentation and drawings adhering to industry standards.

Implant Training

Haven Foundations Pvt. Ltd. | May 2018 - Jun 2018

- Marked plot boundaries and foundation layout according to provided construction drawings.
- Conducted reinforcement checks and calculated concrete quantities based on site execution requirements.
- Maintained daily work records and tracked site status and progress.

Site Engineer Intern

Barath Building Construction Pvt. Ltd. | Nov 2017 – Dec 2017

Project: BBCL Harshika Apartments, Pallavaram, Chennai

- Calculated materials and managed labor resources based on daily site requirements.
- Supervised the execution of construction activities according to design drawings.
- Maintained detailed daily work records and managed material quantity lists.

EDUCATION

B.E. Civil Engineering - CGPA : 6.93

Velammal Engineering College, Surapet, Chennai | Graduated: May 2019

CERTIFICATION

BIM Ready Complete : International Certification in BIM Modeling & Coordination

Technostruct Institute of Building Construction and Management, July - 2023 (ID : TSA21G806)

Diploma in Building Design | Max for Engineers/Architects

CADD Centre, Oct - 2018 (ID : AC171045431)

Business English Certificate Preliminary Level B1

Cambridge English Language Assessment, Apr - 2017 (ID : A3185171)
