PROFILE

Detail-oriented BIM engineer with two years of experience specializing in Revit Architecture, Structure. Proven expertise in developing accurate and efficient building information models. Adept at collaborating with multidisciplinary teams to deliver high-quality construction documentation. Strong problem-solving skills ensure seamless coordination and communication throughout all project phases. I am dedicated to staying updated on industry trends and incorporating innovative solutions into design processes.

WORK EXPERIENCE

SABITA CONSTRUCTION
BIM ENGINEER

FEB 2023-2025-Present

Project:Emall Bright Star

- Architecture Modeling** : Creating detailed 3D models of Up to LOD 350

STRUCTURE Modeling

- Rebar Detailing**: Designing and detailing reinforcement layouts for concrete elements based on engineering drawings and specifications.
- Creating Detailed models Up to LOD 400
- Quantification**: Generating accurate material quantities and schedules from the BIM model for procurement.

ARCHITECTURE INTERN Sabita construction AUG 2022- FEB 2023

Design Assistance: Collaborating with architects to develop design

- concepts and solutions.
- Drawing and Drafting**:Creating architectural plans and renderings
- using software like AutoCAD, Revit, and Enscape
- Research and Documentation**: Gathering information, preparing reports, and assisting with project documentation.
- Technical Skills**:Developing proficiency in architectural software and technical drawing techniques.

EDUCATION

2020- 2023

JNU NEW DELHI

Master of science in Environmental

2015-2019

RGPV UNIVERSITY BHOPAL

Bachelor of Engineering
