

CURRICULUM VITEA

Correspondence Address: **K.KrishanaRao,**
M.I.G-1, H.NO:3
P.M.Palem,
Last Bus Stop Circle,
Vishakhapatnam-530041.
krishnaraoee1@gmail.com, Mobile No: +91 7674094597.

OBJECTIVE:

Seeking a responsible and challenging career with growth oriented Organization in the field of Engineering Construction and Installation, Education, Research and Development. Also here I am searching for Organization where my education, knowledge, experience in the relevant field on behalf of significantly to contribute for growth of the organization as well as development of Society.

Educational Qualification:

M.Tech in advanced Power System from JNTU, KKD -2006 With First Division.
B.Tech in Electrical and Electronics Engineering from JBIET-2003 With Second Division.
And additional Technical Skills with certification from India Skill Development Organization like CAD Services Government Recognized institutes from CANTEER (AUTOCAD-2D, 3D, E-CAD, Surface, and Mesh Modeling) with Diploma Grade, and REVIT MEP certified from CAD DESK from Hyderabad.

Experience(Over all 15 years):

Industrial Experience(7 Years)

Organization -1: MMT (Mineral and Metal Technologies), Vizag.

Duration:04-03-2023 to 30-05-2025.

Job Roll: Electrical Design Engineer.

Present I have been working as an Employee from MMT PVT Design Consultancy, Vizag Peda Waltair(Metals and Minerals Technologies) Design Team . My key Skills Planning For ECR (Electrical Control Room)Layouts , Elevations and Architecture of ECR with AutoCAD software and Their 3D Elevations , Preparation of SLD For Drive List of plants Like (IOGP, IOBP, IOPP), Preparation of Excel sheet with various BOQ's like Earth pits, Cable Tray. Lay outs of The Cable tray for Electrification of plant from ECR to Various locations of Plant Drives, Preparation of P&ID, Lighting arrangement layouts, Reading of PDF(Process Flow Diagram), Excel's Sheet For Cable Scheduling, Cable length Measurements from auto cad layouts , Preparation Of SLD for Valves and Instrumentation devices automation System, Specification Cross Checking for Electrical Equipment Approval, TCS Cross Checking (Technical Comparative Statement), Approval Of MCC, PCC, VFD, MLDB, SMDB, Lighting Transformers, Induction Motors with their characteristics, Sizing of plants ECR Transformers, Selection of Cables etc.

Organization-2: SLN Electrical Projects, KPHB, Hyderabad.

Duration: 01-04-2017 To 30-12-2019.

Job Roll: Sr. Electrical Engineer.

While I was being As a Sr.Electrical Engineer here I took Site In-charge for Erection of Indoor Sub-station (11/0.415KV) for G+5(3 Basements) Building.

I was Site supervised while Electrification of G+5 Floor Building including Reading of Substation Lay out , installation of Service main Connection from Utility source to the indoor Sub Station, Service Main Connected To Indoor Sub-station which was included installation Gang operated Air break drop Out Fuse, Strip Conductor, Horn gap Fuse, and CT& PT For Measurement, Load Break Switch, Hume Pipe through Cable, VCB are connected Transformers. Cable Gland Connections to VCB, Transformer HT Terminal termination, LT Cable box termination.

From Transformer To LT Panels has connection been carried out Ducts system which were installed third party and made connection To LT panels all These works were carried out under my supervision, and also Sub –Station grounding , Earth pit installation, Material Requisition Other installation of Building Basement like Lighting system, Cable tray Installation, Testing of lighting system.

Site Co-Ordination, arrangement meetings for both vendor and Clients .Material Receiving and Store maintenance.

Organization-3: Al-Mariyah United , ABHUDHABI(UAE).

Duration: 01-01-2012 To 30-12-2013.

Job Roll: General Electrical Engineer.

When I was Employee From here I did hospital maintenance for DELMA Island one Group of Abudhabi Health ministry authorized Hospitals, My Job roll every day Visual Inspections And trouble shoots whenever necessary. Preparation of Snag List and Then material requisition to Head office, Intallation of upgraded electrical systems, Installation and Inspection of hospital Electrical system earthling, Compound and Road Side Lighting System Maintenance, Trouble shooting same ,Inspection and installation of advanced electrical system for Smooth Operation Hospitals like SAAMA TV, PUBLIC QUE SYSTEM,PUBLIC ADDRES SYSTEM,X-RAY GENERATORS, OPERATION THEATOR ISOLATED POWER SYTEM, HOSPITAL CANTEEN, KITCHEN, ISOLATED ROOM Maintenance, OPEB Mintenance,CCTV, SPUR SOCKETS Installation. Site Co-ordination with Head office, Manpower Handling Etc.

I also worked from Gulf Countries other than which was mentioned above country those are EPC of Saudi Arabia (Dam-mum) and Kuran Trading (Muscat) of OMAN around one and half years but I was repatriated due to VISIT VISA provided by the concerned Mumbai Consultancies.

While I was under vist visa I could have been worked above two companies and those companies has been carried projects about GPRS sub-station installation, Mini and Main feeder Pillars, Underground cable (185 Sqmm, 240 sq mm) installation. From this organization I worked as follow up Engineer.

(NOTE: Please Kindly Notice my Industrial and Real Time Experience total 7 years.)

Teaching Experience (8 Years)

Organization: Private aided Institutes.

Duration: 2004 to Dec 2010.

I have been working since Aug 2004, while pursuing M.Tech due to lack of financial support so that I started my carrier as an assistant professor for Govt .affiliated (aided) institutes as in sequence

1. Sri Devi women's Engineering College (VN Palli), Hydeabad,
2. VNR VJIET COE, Bhachupally, KPHB, JNTU Hyd.
Duration: April, 2006 to Nov 2008.
3. Dr Paul Raj Institute of Engineering and technology, Bhadrachalam,
4. JNIT, Ibrahimpatnam, L.B Nagar Hyderabad.
5. PDVVP COE, Ahmed Nagar, Maharashtra.

Duration: 2013 to 2015, 2022.

6. K.K.WAGH COE, Nasik, Maharashtra.
7. Sandeep Foundation University, Mahirvani, Nasik, Maharashtra.
8. Baba institute of Science and Technologies , P.M Palem, Visakhapatnam

As a Teaching profession I thought for engineering under Graduate Students and Post Graduated Students various electrical engineering subjects with class room chalk and talk's procedure and also used teaching aided like Over head projectors for power point presentation, Slide presentation.

Total in my Teaching experience the following subjects I was being taught.

1. High Voltage Engineering.
2. Electro Magnetic Field.
3. Electrical Circuit Theory.
4. Electrical Technology.
5. Basic Electrical Engineering
6. Power System –III(Protection)
7. Power system –II
8. EHVAC
9. Robotics & automation(PG Students)
10. Electrical Installation & Maintenance.
11. Power System Analysis.
12. Renewable Energy source

Following Laboratories I was conducted as part of the curriculum those are

1. High Voltage Engineering Laboratory
2. Electrical circuit Theory
3. Electrical Machine I&II laboratories
4. Electrical Technology Laboratory
5. Basic Electrical Engineering laboratory& house Wiring.
6. Mat Lab Concerned experiments each semester wise.

NOTE: Excluding above Class room and laboratory responsibilities and also I was part of the departmental works, work shop conduction, student's development programs I attended.

Activities: I was presented national level paper on micro controlled based line loss identification it was held at PDVVPCOE, Ahmed Nagar.

I was certified form josh skill online English language speaking &writing, listening, reading app

Both Levels

1. Intermediate

2. Advanced English language.

Technical Skills:

Languages

Operating System

Application Software

Software packages

C, C++.

Windows 2000, XP, 7, 8

SPICE, MATLAB, AUTOCAD

MS-office, AUTOCAD.

REVIT,

Strengths and Hobbies:

Good Communication and interpersonal Skills Hard working and Confident nature Ability to work in team,

Reading Electrical Books.

Listening songs,

Watching TV, Cooking. Playing Cricket.

Personal Details:-

Father Name:

K.chinnayya (L)

D.O.B

01.06.1980

Marital Status:

Unmarried

Languages Known

English, Telugu and Hindi(R&W)

DECLARATION:- I hereby declared that the above mentioned information is correct up to my Knowledge and I bear the responsibility for the correctness of the above mentioned particulars.

K.Krishna Rao.

REVIT : Sir, I was certified REVIT MEP from CAD DESK Hyderabad, and also I have been practicing all exercise of Prof SHAM Tickoo with title of that books is **Exploring AUTODESK REVIT 2017 for MEP,BPB Publication,Purudu University North West,USA.** And also I have done on line projects.
