

Karthik Varadaraju

GRADUATE ELECTRICAL ENGINEER | REVIT MEP ENTHUSIAST

Profile

Motivated and detail-oriented Electrical Engineering graduate with a strong foundation in Revit MEP, AutoCAD, and MS Office tools (Excel, Word, PowerPoint). Authored a research project demonstrating innovation in AI-integrated energy systems. Passionate about leveraging modern AI tools to enhance design accuracy and productivity. Eager to contribute to dynamic MEP and BIM projects with precision and adaptability.

Education

B.E (Electrical and Electronics Engineering), St. Joseph's College of Engineering, Chennai

NOVEMBER 2021 – APRIL 2025

CGPA: 8.15

Higher Secondary, Ramakrishna Mission Vidyalaya Matric Higher Secondary School, Villupuram

JUNE 2019 – MAY 2021

89.92%

High School, John Dewey Matric Higher Secondary School, Villupuram

JUNE 2008 – MAY 2019

92.4%

Certifications

Diploma in Electrical (Design and Draughting) and Revit MEP, Unique MEP Engineering

DECEMBER 2024 – MARCH 2025

Buisness English Certificate - Vantage Level, University of Cambridge

MARCH 2023

Introduction to Cybersecurity, Cisco

AUGUST 2023

Cybersecurity for Small and Medium Buisness: Essential Training, LinkedIn Learning

MARCH 2023

Data Science Foundations, Great Learning

JANUARY 2022

Workshops

AI Tools Workshop

Be10X

Electric Vehicles Workshop

NSIC (National Small Industries Corporation Limited)

Details

No: 47, Ambedkar Street,
Manali
Chennai, 600068
India

Skills

Revit MEP

AutoCAD

Electrical Design

AI

Microsoft Excel

Microsoft PowerPoint

Microsoft Word

Languages

English

Tamil

Internships

Electrical Maintenance, Chennai Petroleum Corporation Limited (CPCL),
Chennai

MAY 2023

Inplant Training at North Chennai Thermal Power Station, TANGEDCO,
Chennai

DECEMBER 2022

Projects

Enhanced Artificial Orcas Assisted Ensemble Dilated Deep Learning
Network for Renewable Energy Forecasting and Management

AI based forecasting for Renewable Energy Systems

Overload Fault Detection and Alert System

Project designed to monitor electrical circuits for potential overload conditions

Achievements and Awards

Presented our research paper titled "Enhanced Artificial Orcas- Assisted Ensemble Dilated Deep Learning Network for Renewable Energy Forecasting and Management" at the 4th International Conference on Sustainable Materials and Technologies (ICSMT 2025), held at Bannari Amman Institute of Technology and organized by Sunway University, Malaysia.

Participated in and won prizes in competitions conducted by IEEE societies.

Participated in the MANAS Codeathon 2023 Symposium on "Mental Health and Wellness" organized by Centre for Development of Advanced Computing (C-DAC), Bangalore under the aegis of Office of Principal Scientific Advisor to the Government of India during 06th and 07th October 2023 at Bengaluru.

Activities

Member in IEEE

Institute of Electrical and Electronics Engineers

Member in ISTE

Indian Society for Technical Education

Declaration

I hereby declare that the information provided in this resume is true, accurate, and complete to the best of my knowledge. I understand that any false statements or omissions may result in disqualification from consideration for employment or termination if already employed.
