Objective

Mechanical Engineer with 1.5 years of hands-on experience in Revit MEP, specializing in HVAC ducting, piping systems, and BIM coordination. Proven ability to design, model, and document mechanical systems for residential, commercial, and industrial projects. Skilled in inter-discipline collaboration using Revit .

Personal information

- Nationality: Indian
- Religion: Hindu
- Gender: Male
- Place: Gurugram
- Date of birth: September 14,2000
- Marital status: Single

Education

RGPV UNIVERSITY

Bachelor of Technology
7.42 CGPA

2022

Experience

Professional Trainer and Design Engineers Pvt Ltd .
BIM MODELLER

October 2023 - February 2025

Antropic Solution
BIM MODELLER

March 2025 - Present

Technical skills

Autocad :- • Strong understanding of mechanical drawings. • Ability to interpret technical drawings and specifications. • Knowledge of NBC • I am able to create MEP drawings (Layout and sections).

✓ Revit MEP :- •I am able to create MEP models(Plumbing , Fire Protection , HVAC and electrical systems) Parametric and nested families. • Detailed knowledge of parameters

such as Project Parameters,Shared Parameters and Global Parameters. • Good reading and understanding MEP drawings

Project

Basement +G+5 Hotel building (UAE)

Designed the HVAC system for a multi-story hotel, ensuring efficient cooling, heating, and ventilation.

Developed duct and piping layouts using AutoCAD & Revit MEP

Basement +G+20 Hotel Building (UAE)

Designed a comprehensive HVAC system for a high-rise (Basement + G + 20) hotel, ensuring optimal thermal comfort .

Developed ductwork and piping layouts using AutoCAD & Revit MEP, optimizing airflow and minimizing energy .
