SUMMARY

Experienced Civil Engineer with 4 years of CAD expertise, specializing in Rebar Detailing. Proficient in SofiCAD for 1 year, currently contributing to residential, commercial, and bridge projects in compliance with German and Swiss standards. Known for delivering precise technical drawings and ensuring structural compliance. Eager to leverage CAD proficiency and project management skills to support the successful execution of construction projects.

DISCIPLINE

Structure
Rebar (UK & German & Swiss)
Architecture

AUTHORING & REVIEWING

AutoCAD (3 years 5month)
SOFiCAD (1 year)
Revit (2 years)

PROJECT LOCATIONS

India
German
Switzerland

TYPE OF PROJECTS HANDLED

Residential
Bridges
Commercial

QUALIFICATION

Bachelor of Civil Engineering – 2017

CORE COMPETENCIES

- Expertise in preparing detailed shop drawings and bar bending schedules according to German and Swiss standards using SOFiCAD.
 - Skilled in AutoCAD for structural drafting, including 2D RCC detailing.
 - Ensures projects meet German and Swiss structural standards in residential, commercial, and bridge projects.
 - Ability to deliver precise architectural and structural drawings using AutoCAD and Revit.
-

WORK EXPERIENCE

- **Design Engineer** in Hadrian Solution Pvt Ltd.
December 2022 to Present

Role & Responsibility

- Preparation Of 2D RCC Detailing Drawings for all types of Structures Using AutoCAD and SOFiCAD.
- Rebar Shop Drawings and Bar Bending Schedule Prepared for Various Elements Like Slab, Beams, Column, Shear Wall, and Transfer Beams for German Standard Projects.
- Responsible for Complete Production/ Checking of Rebar details as per Relevant Standards.

- **CAD Engineer** in Athulya Foundation.
January 2021 to November 2022

Role & Responsibility

- Preparation of Architectural and Structural drawings including 2D & 3D Modelling.
- Completed various architectural and engineering drafting assignments and applied drafting skills to both residential and commercial projects.
- Preparation of detailed civil Architectural drawings using AutoCAD.
- Design Elevation for various types of buildings in Revit.
- Prepared the concept design analysis and site studies.

- **Site Engineer** in Starworth Infrastructure & Construction Pvt Ltd.
August 2018 to December 2020

Role & Responsibility

- Managed G+15 building Construction Tasks and attended Structural inquiry meetings.
- Established And Implemented Work Schedules and Adjusted Them to Meet Project Deadlines.
- Ensured All Site Personnel Used Quality Workmanship under Plans and Client Needs.
- Adjust Work Schedules as Needed to Meet All Project Deadlines.
- Read Blueprints and Plans and Communicated Them to Workers.
- Drafted and Designed New Updated Things On-Site into Drawings.
