

AVINASH PRADEEP

BIM MODELER/MECHANICAL DRAUGHTSMAN

Contact Information:

- **Email:** avinashpradeep12@gmail.com
- **Phone:** +91 9526113720
- **Address:** Pokkathuparambil House, Njarackal P.O, Vypin, Ernakulam, Kerala, India, 682505

Personal Statement:

As a dedicated professional with a background in Aeronautical Engineering and a recent specialization in Mechanical BIM MODELLING, I bring innovation, technical expertise, and a problem-solving mindset to every project. My hands-on experience in design, combined with strong analytical and teamwork skills, positions me to contribute effectively to high-impact engineering projects while maintaining excellence and precision.

Work Experience:

INTELLECT BIM & MEP TRAINING CENTRE, KOCHI

MECHANICAL BIM ENGINEER

[05 May 2025 –Present]

- Developed and maintained detailed 3D BIM models for MEP (Mechanical, Electrical, and Plumbing) systems using Autodesk Revit, Navisworks, and other BIM tools
- Coordinated MEP designs with architectural and structural models to detect and resolve clashes using Navisworks Manage (Clash Detection).
- Trained engineers, draftsmen, and students in the fundamentals and advanced techniques of BIM modeling for HVAC, fire protection, water supply, and drainage systems

ACE INDIA Pvt Ltd, KERALA

MECHANICAL AND PLUMBING DESIGNER

[03 June 2024 –03 May 2025]

- Design and drafting of HVAC, Plumbing, Fire Fighting & MEP related drawings in AutoCAD and Revit.
- Making necessary calculations for drawing development including Heat load, Duct sizing
- Preparation of MEP Sections in AutoCAD

TUBESTAR Oil and Gas Services

Rope Access with NDT Technician

[11 Dec 2022 – 30 May 2024]

- Responsibilities: NDT Methods - UT, MPI, LPT, and Hardness Test

- Location: Reliance Industries Limited, Jamnagar, Gujarat

Industrial Radiographic Inspection Company, Chennai

Multidiscipline NDT Technician

[Aug 2021 – Oct 2022]

Education:

B. Tech in Aeronautical Engineering

Ace College of Engineering, APJ Abdu Kalam Technological University, Kerala, India

[2017 – 2021]

- **Project:** Designed and developed a drone for disaster management equipped with real-time surveillance, night vision cameras, and fire extinguishing capabilities.
-

Skills:

- **Software Proficiency:**
 - Autodesk AutoCAD
 - Autodesk Revit
 - McQuay Duct sizer
 - HAP
 - NAVISWORKS
 - **Personal Skills:** Time Management, Problem-Solving, Adaptability, Communication, Teamwork, Attention to Detail, Reliability
-

Academic Projects:

Disaster Management Drones

Ace College of Engineering, Thiruvananthapuram

[June 2021]

- Designed and built a hexacopter capable of carrying and deploying fire extinguisher balls.
 - Integrated thermal and night vision cameras for real-time monitoring and emergency response.
 - Calculated and optimized weight, lift, thrust, and flight efficiency.
-

Internships:

- KAASHIV Info Tech, Chennai
 - Microsoft Research Group, Chennai
-

Objective:

To secure a challenging position in a Mechanical Plumbing Design-based organization where I can apply my technical expertise, hands-on training, and passion for innovation to deliver sustainable and efficient design solutions.
