

DEVENDRA KUMAR KANNAUJIA

Sahdai Buzurg, Vaishali, Bihar - 844509

📞 9708145857 / ✉ erdeardevendra@gmail.com

SUMMARY

Motivated Mechanical Engineer with a Diploma and B.Tech, seeking to contribute my skills in design, CNC programming, and project coordination within the structural and fabrication industry. Experienced in both bridge construction and PEB/structural steel projects, with a strong command of AutoCAD, Tekla, and production planning. Eager to support technical excellence and timely project delivery in a growth-focused engineering environment.

WORK EXPERIENCE

Project Incharge (Design and Planning Engineer)

Dec 2024 - Present

Simsa Infra Projects Pvt. Ltd.

Industry: Pre-Engineered Buildings (PEB) and Structural Steel.

Key Responsibilities:

- Developed GA drawings and 3D models using BIM software such as AutoCAD and Tekla Structures, followed by obtaining client approvals and preparing detailed drawings.
- Created CNC programs from finalized designs to enhance precision and efficiency in production processes.
- Compiled BOQs, cost estimates, and material requirement plans after drawing approval to facilitate seamless procurement and production.
- Managed material procurement, prepared Challans and E-Waybills, ensuring timely and compliant logistics documentation, and coordinated drawing releases for a smooth transition into fabrication and timely project execution.
- Supervised production, conducted quality checks, managed billing, and maintained Challan documentation, ensuring accuracy and compliance throughout the workflow.
- Communicated with clients for updates, resolved issues, and ensured satisfaction through consistent engagement and delivery excellence.
- Kept meticulous records of design changes, project stages, and technical documentation for future reference and audits.

Design Engineer

Apr 2023 - Dec 2024

Intech Engineers

Industry: Bridges, Pipelines & Construction

Key Responsibilities:

- Created and updated technical drawings using CAD software, ensuring design accuracy, and project alignment.
- Prepared material requirements, BOMs, and CNC programmes for cutting and drilling operations.
- Modified existing designs based on project changes, and coordinated with teams for smooth execution.
- Developed presentations to communicate design concepts to stakeholders.
- Maintained technical documentation in compliance with company standards.

CNC Programmer (Part Time)

March 2021 - Apr 2023

Allience Integrated Metaliks Limited

Industry: Bridges, Pipelines & Civil Construction

Key Responsibilities:

- Created and optimised CNC programmes for cutting and drilling machines based on project specifications.
 - Performed minor modifications in CAD drawings to suit CNC programming and machine compatibility.
-

EDUCATION

Course / Degree	School / University	Grade / score	Year
B.Tech in Mechanical Engineering	Aryans College of Engineering (IKGPTU)	77.80%	2020 - 23
Diploma in Mechanical Engineering	BKNS Govt. Polytechnic Gopalganj (SBTE)	84.90%	2017 - 20
Matriculation	Gandhi High School (BSEB)	72%	2015 - 16

TECHNICAL SKILLS

- Proficient in AutoCAD, Tekla Structures , and other CAD drafting tools
- Experienced in CNC programming for cutting and drilling operations
- Skilled in generating GA drawings, detailed fabrication drawings, and 3D modeling
- Strong command of Bill of Materials (BOM) and BOQ preparation
- Well-versed with GD&T and mechanical drawing standards
- Knowledge of cost estimation and tender documentation for structural projects
- Experienced in material requirement planning and procurement coordination
- Ability to troubleshoot design & technical issues during fabrication and execution
- Strong documentation, record keeping, and report preparation skills

SOFT SKILLS

- Strong client communication and technical coordination
- Effective decision-making and problem-solving under pressure
- High attention to detail in design and documentation
- Skilled in team collaboration and leadership
- Excellent time management and organizational ability
- Fluent in Hindi & English, with clear professional communication

SOFTWARE KNOWN

- **CAD/Design** : AutoCAD Mechanical, SolidWorks, CATIA V5
- **Structural/Detailing/BIM** : Tekla Structures
- **Programming/Simulation** : MOS 2D, CAD Drawing, Cutting Nesting, MATLAB (Basic)
- **Nesting/CNC** : Smart 2D Cutting, SketchCut Pro
- **Productivity** : MS Excel

TRAINING & CERTIFICATIONS

Intech Engineers (6 weeks)

- Industrial Training - Practical exposure to fabrication, erection, and mechanical site operations under real-time project conditions.
- Software Training - Industry-oriented training focused on 2D & 3D CAD modeling, simulation basics, and engineering software tools including AutoCAD & Tekla.

CIPET : CSTS Hajipur (1 week)

- CNC Machining – Hands-on training in CNC operating & programming for lathe, milling and EDM machines.

Tool Room Training Centre, Patna (4 weeks)

- AutoCAD Mechanical – Focused on drafting standards and machine component design using AutoCAD Mechanical.

Key Certifications :-

- Wiring Harness Design – CATIA v97 (*Skill Lync*)
 - Sloshing analysis in a petrol tanker (*Skill Lync*)
 - Fundamentals of Electrical Systems (*Skill Lync*)
 - Signal Processing for Machine Learning (*BKNS Webinar*)
 - Yellow Belt – Lean Six Sigma Certified (*Sporen & Gewinn*)
 - Digital marketing (*Google*)
-

PROJECTS

Academic Projects :-

- Producing Cheap Electrical Energy – Led a team project to design a low-cost electricity system for rural communities.
- Steam Engine Prototype – Developed a basic mechanical power model aimed at reducing cost for small-scale engines.

Professional Projects :-

Intech Engineers (Bridges & construction)

Contributed to 15+ structural and bridge projects involving CNC programming, CAD detailing, and material planning.

Key clients/projects: NHAI, RVNL, VRC, Baba Construction, MM Shawl, Gujarat HSRP, Rudrapur, and more.

Current Projects - Simsa Infra Projects Pvt. Ltd. (PEB & Structural Steel)

Coordinating directly with clients for drawing approvals, material planning, and project execution. Also responsible for design detailing, BOQ, CNC programming, and procurement.

Key clients: Vitech Equipments, SPM, Ashwini Logistics, Caravan Logistics, Ram+Ratna, Lambodra, Offshore Infra & more

ACHIVEMENTS

- Secured 1st Rank in B.Tech – Mechanical Engineering (Aryans College of Engineering)
- Ranked 3rd in Diploma – Mechanical Engineering (B.K.N.S. Govt. Polytechnic, Gopalganj)
- Awarded 1st Rank in Class X (Gandhi High School – by Bishun Prasad Singh Seva Trust)
- Founded & led Prodigy Tech coaching center, mentoring 100+ diploma students

PERSONAL DETAILS

- Date of Birth : 10 Oct 2000
- Gender : Male
- Marital Status : Single
- Languages Known : Hindi & English
- Nationality : Indian

INTERESTS

- Listening to Music & Stories
- Playing Chess

DECLARATION

- I hereby declare that the information provided is true to the best of my knowledge and belief.
