EDUCATION

Government College of Engineering, Salem

October 2020 - June 2024

Bachelor of Engineering in Computer Science and Engineering(CGPA of 8.8)

Salem, India

COURSES

- . Data Structures
- . Database Management
- . Operating Systems
- . Algorithms Analysis
- . Computer Networks
- . SDLC

EXPERIENCE

Bharat Sanchar Nigam Limited

June 2023 – July 2023

Data Networking Technologies

Salem, India

- Skills and knowledge in setting up **LAN**.
- **Wifi network configuration**, involves setting up access to a wireless network.
- General Architecture and working principle of **2G,3G,4G**.
- Usage of **Fibre Optics** for long distance and high performance data networking.

Problem Solving

Java

- Solved More Than 170 programs in **GeeksForGeeks**.

PROJECTS

Weather App | *React* | (Link)

- * A simple Weather App using **ReactJs**.
- * The web application provides real time weather updates for multiple locations.
- * Utilized **OpenWeatherMap API** to fetch real-time weather data.

Snake Game App | *JavaScript* | (Link)

- * A simple Snake Game Application using **Html, Css, JavaScript**.
- * Designed a grid-based game environment where the snake grows as it consumes food.
- * Implemented logic to detect collisions with walls,ending the game.

Food Recipe App | *MERN* | (Link)

- * A Food Recipe App built using MERN Stack. Having features like Creating, Saving Recipes
- * Designed and developed a MERN-based Recipe App with a neat UI using **React.js**.
- * Used Node.js and Express.js to handle user authentication.
- * Utilized **MongoDB** with Mongoose to store and manage user and recipe data efficiently.

TECHNICAL SKILLS

Programming Languages: C++ Basics , Java Standard Edition , Javascript

Web Technologies: HTML , CSS , JavaScript

Frameworks :ReactJs

Backend:Jakarta Enterprise Edition Basics

Database Languages: MySQL , MongoDB

Developer Tools: VS Code , Eclipse , Maven
