

# PRAVALLIKA MARADANI

ASPIRING BIM ELECTRICAL ENGINEER | REVIT ELECTRICAL (MEP)

Vijayawada, Andhra Pradesh | 7816060289 | pravallika6274@gmail.com

## PROFESSIONAL SUMMARY

- Electrical & Electronics Engineering graduate transitioning into BIM/MEP, with intermediate hands-on skills in Revit Electrical and a solid grounding in electrical systems, construction drawings, and project coordination.
- Brings 8+ months of professional experience as a Quality Assurance Engineer, with a strong track record in technical documentation, specification compliance, and inspection accuracy — skills that map directly onto BIM model QA/QC, drawing verification, and clash coordination.
- Detail-oriented, process-driven, and quick to learn new software, tools, and industry standards; comfortable collaborating with cross-functional engineering teams under deadlines.

## TECHNICAL SKILLS

- BIM & Design Software: Revit Electrical (Intermediate), BIM Concepts & Workflows, MEP System Understanding
- Engineering Fundamentals: Electrical Design Basics, Electrical Circuit Analysis, Reading & Interpreting Electrical Drawings
- Quality & Documentation: Inspection Reporting, Compliance Verification, Quality Audits, Technical Documentation, Root-Cause Coordination
- Tools: MS Office (Word, Excel, PowerPoint), Computer Fundamentals

## WORK EXPERIENCE

**Quality Assurance Engineer — Manish Medi Innovation Pvt. Ltd.** *Nov 2025 – Present*

*Bangalore, Karnataka*

- Test and inspect manufactured products against technical specifications and quality standards, verifying accuracy before sign-off.
- Prepare and maintain detailed inspection reports and quality documentation, ensuring records are accurate, traceable, and audit-ready.
- Conduct compliance checks and quality audits against defined standards and SOPs, flagging deviations and tracking corrective actions to closure.
- Coordinate with production and engineering teams to resolve quality issues — building the same attention-to-detail and cross-team coordination skills required for BIM model checking and drawing coordination.

## TRAINING & INTERNSHIPS

**Industrial Trainee — South Central Railway, Electrical Loco Shed** *Diploma Training*

*Vijayawada, Andhra Pradesh*

- Gained hands-on exposure to electrical maintenance, locomotive electrical systems, safety procedures, and industrial electrical operations.

**Industrial Visit — National Thermal Power Station (NTPS)**

- Observed thermal power generation processes, plant operations, turbine systems, and electrical power distribution.

## ACADEMIC PROJECT

**Solar-Based Multi-Purpose Agricultural Robot** *Final Year B.Tech Major Project*

- Designed and built a solar-powered agricultural robot for multifunctional farming tasks, integrating electrical circuits, solar energy systems, and automation concepts.
- Published findings in the International Journal of Advanced Research in Electrical, Electronics and Instrumentation Engineering.

## EDUCATION

**B.Tech — Electrical and Electronics Engineering (EEE), NRI Institute of Technology** *2022 | CGPA: 8.1*

Coursework: electrical machines, power systems, electrical circuits, control systems, renewable energy concepts.

**Diploma — Electrical Engineering, Vikas Group of Institutions** *2019 | CGPA: 7.7*

Coursework: electrical systems, industrial wiring, transformers, maintenance basics.

**SSC — RGMC High School** *2016 | CGPA: 6.2*

## SOFT SKILLS & LANGUAGES

- Communication • Team Collaboration • Problem Solving • Time Management • Attention to Detail • Quick Learner | Languages: English, Telugu
